Good afternoon:

Please see attached communication from the Fond du Lac tribal chairman, Kevin Dupuis, regarding the Band's request to be notified and opportunity to respond to Section 401 water quality certification and related water quality permits associated with the proposed PolyMet NorthMet project.

If there are any questions about the issues raised or the Band's concerns, or interest in further discussions, I would be happy to coordinate a response or facilitate a meeting or teleconference.

thank you,
